

Application for fast tracking to become an ISST certified supervisor.

I, , being an ISST certified supervisor am applying to fast track by supervisory status. I have enclosed a letter documenting why this is necessary in my place of practice/region, as well an update copy of my CV that lists all my professional credentials to date, including supervision being carried out in other modalities.

In order, for my application to be reviewed, I understand that I must meet the following:

Initial in the box to the right of each statement to indicate that you meet the requirement or have provided the relevant documentation.

TCAB Recommendations for criteria for granting “Fast-tracking” to ISST Supervisor Certification.

1. To apply for a one year reduction in the required two year period of practice after Advanced ST Certification before applying for certification as a Supervisor the following conditions must be met:
 - Demonstration of need in the geographic or specialty area of the applicant based upon the existing supervisee to supervisor ratio. (The qualifying ratio of supervisor/supervisee can be determined after ISST supplies a complete list of certified supervisors by region.
 - At least 1 year of active practice after Advanced certification has been achieved.
 - One year of at least monthly supervision on supervision with a certified supervisor with at least 5 years post supervisor certification practice must have been completed. A recommendation letter from the supervisor must be sent in.

➤ This supervision must continue for a one-year period after fast tracking.

➤ Use the STSVRS to discuss supervision experience.

2. The first applicant for fast tracking to supervisor certification in a country new to Schema Therapy may submit an application, which will be reviewed by the Training & Certification Coordinators.
